Data Delivery Services (DDS) – Why Carry Out - We Can Deliver!

Data Delivery Services (DDS) utilizes the award-winning Flo-Dar flow meter to provide users with a truly 'Hands-Off' approach to sewer flow monitoring—all from the comfort of their office. Current DDS customers are seeing significant savings in their flow monitoring programs as well as freeing their personnel for other tasks. This cost-effective alternative to flow meter purchase is ideal for either short-term or long-term monitoring applications.
